MOBILE - U.S. Rep. Jo Bonner, R-Alabama, today announced the award of funding to the Nokomis Volunteer Fire Department from the United States Department of Homeland Security and the United States Fire Administration. The grant, totaling $6878.00, is being made available through the USFA's Assistance to Firefighters Grant Program and will be used for the purpose of fire operations and firefighter safety.

"I am extremely pleased the Department of Homeland Security has approved this funding for the Nokomis Fire Department," Bonner said. "As an area that is currently not served by any existing fire department, Nokomis and its residents are to be strongly commended for their work in recent years in creating and strengthening their own department and, through that process, providing a greater degree of safety and fire prevention for their community."
