

MOBILE - U.S. Rep. Jo Bonner, R-Alabama, today issued the following statement regarding the introduction of a new "cyber newsletter" to be distributed via e-mail:

"During my recent series of fourteen town hall meetings in the First District, I had many people approach me and offer words of praise for our first congressional newsletter, published as a newspaper insert throughout south Alabama. Everyone seemed unanimous in their appreciation for being provided with an update on the latest events taking place in Washington and how these will impact the district.

"As a result of this feedback, and in an effort to keep my constituency informed of the latest happenings in our nation's capital, I have created a monthly cyber newsletter. A scaled down version of the recent, larger mailing, this newsletter will be distributed once each month via e-mail to any interested constituent. Moreover, it will be used to provide more regular updates on issues of concern to south Alabamians and their families, as well as to highlight area businesses and events. Naturally, I will continue with the distribution of my weekly column, "This Week in Washington," as well.

"I look forward to providing this new service to my constituents and hope you will sign up to receive these monthly e-mail updates. If you would like to receive more information, or to sign up for my monthly newsletter and weekly column, please don't hesitate to visit my website at www.house.gov/bonner."
