

MOBILE - U.S. Rep. Jo Bonner, R-Alabama, today announced the award of funding to the Magnolia Springs Volunteer Fire Department from the United States Department of Homeland Security through the United States Fire Administration. The grant, totaling \$67,095, is being made available through the USFA's Assistance to Firefighters Grant Program and will be used for the purpose of fire operations and firefighter safety.

"I am extremely pleased the Department of Homeland Security has approved this funding for the Magnolia Springs Volunteer Fire Department," Bonner said. "The residents of Magnolia Springs are to be strongly commended for their efforts to strengthen their department and, through that process, providing a greater degree of safety and fire prevention for their community."

The Assistance to Firefighters Grant Program provides one-year grant funding to local fire departments to assist them in improving their ability to respond to fire-related and other emergencies in their communities. The funding is used primarily in four major program areas: Fire Operations and Firefighter Safety, Fire Prevention, Emergency Medical Services and Firefighting Vehicles Acquisition. Through ten rounds of grant awards this year, the Fire Administration has awarded over 3000 grants totaling more than \$202 million.
